The Sign Over Your Door

It is a good thing, isn't it? You would not think of
doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look
when they want to find you. Make it easy for them
to find you by putting in the Directory such Infor-
mation as a buyer wants to know. Index your
business under all classifications where a customer
might look for you.

To be properly registered costs less than to be
left out.

BOOK ON LAWNS AND GREENS

LAWNS AND GREENS

It is most important that the lawn should be sown with a mixture of grass seeds especially adapted for the purpose required. A mixture suitable for a Park or Golf Course would be quite unfit for a private lawn, Bowling or Putting green. All the finest grasses that are most suitable for the formation of a lawn when grown for seed, produce very much less weight of seed per acre than do the coarser growing varieties, consequently the cheaper the mixture the coarser the turf. We maintain that the finest dwarf growing grasses are the most economical even for large areas, as the turf formed by the dwarf compact habit of the finest grasses requires to be mown only about half as many times as a turf formed of coarser growing varieties.

CHAS. HOLDEN, General Agent

ALL DAY LONG you could drive the Hupmobile Eight at top speed, if you had the clear road to do it on.

A speed spurt is one thing, but it takes a **WONDERFUL** car to hold top speed hour after hour.

The Hupmobile Eight can stand it, and you can stand it—and right there are two of the **NEW** things this car brings to motoring:—

Soundness and endurance not ordinarily built into any but racing cars; an ease of handling and riding, a certainty of control, you won't find in one car out of fifty.

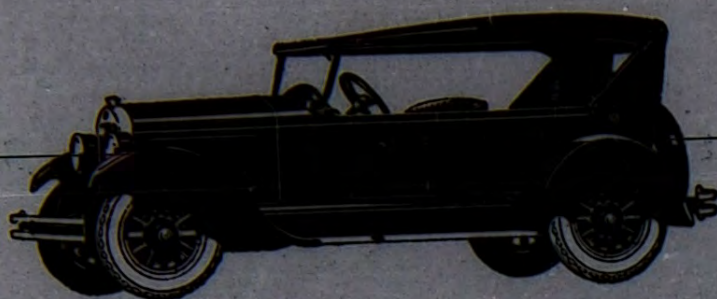

A **NEW** kind of car, with a **NEW** kind of results—that's what the Hupmobile Eight is.

JOSEPH N. STRONG

300 GILES BLVD. E.

WINDSOR, ONT.

**HUPMOBILE
EIGHT**

Schedule your run at any speed you like—all day long if you like—and **MAKE YOUR SCHEDULE** with an ease and comfort you've never known before. Be off, free and clean, at the traffic signal while the crowd mills and fusses along behind. This magnificent Eight brings so much that is new and finer in driving that within its first six months it became the **LARGEST SELLING EIGHT** of its type in the world.

MOTOR SERVICE CO.

We believe there are more good cars parked in second-hand car markets than there is any occasion for, but we also believe this condition is made possible by one of the two following reasons, viz: the experience of having motors re-conditioned by incompetent parties and the second reason is the lack of understanding of WHAT CAN BE DONE by those who really understand their business.

We claim not only to understand the proper machining process of cylinder blocks, but also the correct fitting of piston rings and pins as well, and perform all of this work in our own shop; under our own supervision and we unconditionally guarantee the finish of cylinder and pistons and the fitting of pins and rings will be as correct as human brains and machinery can produce.

We are not partial to high or low priced cars. EVERY JOB that goes out must be the same, A1.

The Sign Over Your Door

It is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look when they want to find you. Make it easy for them to find you by putting in the Directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.
